GAME REQUEST FORM

Sisc understands and respects the conflicts teams go through each session when entering into leagues. We work extremely hard with teams in need of special game requests. In order for SISC to honor your team's request, this request form will need to be filled out and presented by week 1 of each new session.

Teams will get a total of 3 requests if needed. SISC will make every effort to honor each request. If SISC can't honor a request, we will notify your team immediately. Please rank your requests in order. SISC will make every effort to make your top request work first.

If your team does not present a request form by week 1 and needs to cancel, SISC reserves the right to give your team a forfeit with no make-up game. If a team does cancel without a request form, we will make sure a game is played for the team not cancelling.

There are 2 types of requests.

1. If your team needs a bye week, please provide us with that date.
2. If your team needs a particular time to play, please provide us with the time to avoid and the date of that time request.
